Engraver and publisher from dedication card. Italian pocket atlas, dated 1779 in Florence, containing maps of all the countries of the world prepared by Agostino da Rabatfa and Giovanni de Baillou, and engraved by Aniello Lambertii.

The atlas is presented as a deck of 97 playing cards of the type used to play the Italian card game of 'minchiate.' (Cf. Regole generali del giuoco delle minchiate ... 2a ed. Map of the world bears engraved inscription along bottom margin: 'D. Agostino da Rabatfa. Barone Gio. de Baillou ... Aniello Lambertii inc.' Maps are colored in yellow, pink, and green; and include a key to numbered sites.

Automobile travel - United States - History - Automobile driving - United States - History - Roads - United States - History - Sources - Road maps - United States - History - Sources - Road maps Motoring : the highway experience in America / John A. Jakle and Keith A. Sculle. Athens, Ga. ; Chicago, Ill. University of Georgia Press ; In association with the Center for American Places at Columbia College Chicago, c2008. Authors: Jakle, John A. -- Sculle, Keith A. 274 p. : ill., maps ; 23 cm. Summary: Motoring unmasks the forces that shape the American driving experience--commercial, aesthetic, cultural, mechanical--as it takes a look back at our historically unconditional love of motor travel. Focusing on recreational travel between 1900 and 1960, John A. Jakle and Keith A. Sculle cover dozens of topics related to drivers, cars, and highways and explain how they all converge to uphold that illusory notion of release and...
rejuvenation we call the "open road." Here, with
an emphasis on the driver’s perspective, the
authors discuss garages and gas stations,
roadside tourist attractions, freeways and toll
roads, truck stops, bus travel, the rise of the
convenience store, and much more.--From back
cover.
Contents: Motoring : An introduction -- America’s
good roads search -- Detour ahead : Rebuilding
America’s roads -- Highways as public
prerogative -- Dealerships and garages -- The
tourist’s roadside -- Rejecting the roadside as
landscape -- Limited-access highways as dream fulfillment -- Motoring by
tuck -- Motoring by bus -- Convenience in store
-- The highway experience : A conclusion.

The British museum catalog attributes this work to François Péron, 1775-1810; Querard and the Bibliothèque nationale catalogue to Caption Péron; the preface by L.S. Brissot-Thivers states the author was born in 1769, and that the work was prepared for publication by M. Bénard; H.R. Wagner, in California historical quarterly, v. 1, no. 2, suspects that Péron was a fictitious individual and that Bénard prepared the work from miscellaneous sources.
