Locating Records for Pullman Employees

The employee records of the Pullman Company at the Newberry are primarily for operating company workers (porters, maids, commissary attendants, conductors, shop workers, yard force, clerical, managerial), not manufacturing or town employees. Most personnel records are located in Record Group 06, Employee and Labor Relations Department.

Although 19th century personnel records are available, most date from the early 1900's.

Major exceptions (there are others) to the above statement include:

1. Microfilmed payroll records for other categories of employees dating from the 1880's.
   - General office, 1888-1950
   - Town of Pullman and Laundry, 1887-1908
   - Pullman Car Works, 1887-1924

2. Employee Service Records (06/02/03) for Pullman Car Works, quit date 1918-1929.

The great majority of Pullman Car Works employee service records are held by the South Suburban Genealogical and Historical Society. The following is their contact information:

Access to Employee Records:

To consult the Pullman Archives, you need to complete two forms. First, the "application for use of manuscript collections" and the "Pullman Access Statement".

Information needed to conduct a search for a Pullman Company Employee:

1. Employee's full name.
2. District where individual worked.
4. Service dates (at least decades).
*If you do not know the district, dates, or job title, you can consult the following records first: RG: 06/03/04, 06/02/01, 06/02/02 (applications only) 06/03/01, and 06/03/06. These record groups are arranged alphabetically.
