## Rules Governing Use of the Manuscript Collections

1. A Use of Manuscript form must be completed before viewing manuscript material.
2. Manuscript collections deposited in the Library with restrictions on their use may be used only subject to those restrictions. Consult with the desk attendant for information about such restrictions. Requests to view collections classified “by appointment only” must be arranged in advance.
3. The reproduction of some materials may require the permission of the Curator. Permission to reproduce does not constitute permission to publish.
4. No materials from the manuscript collections can be published, in whole or in part, without written permission, secured in advance, from both the Library, as the physical holder of the material, and the copyright holder. Photographing materials in the manuscript collections with a personal camera is permitted only after signing the Personal Camera Use form.
5. In permitting reproduction or publication of any materials in the manuscript collections, The Newberry Library does not surrender its own right to reproduce or publish the material, or to give permission to others to do so; nor does the Library assume any responsibility for infringement of copyright or of other rights in the material held by the creator or subject, heirs, executors, or assigns.
6. Requests for permissions must be made in writing.
